Name of the Primary Supervisor University

Shahrekord University of Medical Sciences

Dear Professor *Last Name*,

[Type the recipient address]

Greetings from Shahrekord University of Medical Sciences (SKUMS).

This letter is to formally confirm the academic collaboration between Shahrekord University of Medical Sciences and *Name of the Partner University* regarding the joint supervision of *Student's Full Name's MSc/PhD* thesis entitled "*Title of Thesis*".

According to the institutional regulations of SKUMS, this research project and all its related outcomes including, but not limited to, publications, conference presentations, patents, and any other intellectual property are considered part of the intellectual and academic ownership of Shahrekord University of Medical Sciences.

Therefore, any dissemination of results, publication, or registration arising from this research must be carried out in coordination with, and upon mutual agreement with, the primary supervisor at SKUMS.

The responsibilities are as follows:

- Primary Supervisor (SKUMS): Overall coordination of the project, approval of research design, data collection, analysis, and thesis finalization.
- Co-supervisor (Partner University): Academic guidance, local research support, and co-monitoring of the student's progress during the period spent at [country/university name].

All research activities must comply with the ethical and institutional guidelines of both universities, particularly regarding data confidentiality, biological sample use, and student supervision.

This collaboration is specific to the above-mentioned thesis project and does not imply any additional commitments beyond its defined scope, unless a separate formal agreement is made.

We sincerely appreciate your cooperation and look forward to a successful and productive academic partnership.

With kind regards,

Name of the Primary Supervisor University

Professor and Primary Supervisor

Shahrekord University of Medical Sciences
